

Goats learn their names and come when called by the shepherd.
While in Heaven with Jesus as our Shepherd, we will constantly learn new things
and there will be no more butting heads.

YOU WILL NEED:

- Newspaper
- Brush
- Foil
- Black Marker
- Awl ⚠
- Floral Wire
- Paint
- Silk flower
- Foam Sheets
- Diagonal Cutters ⚠
- School Glue
- Scissors
- Ric Rac Trim
- 2 Googly Eyes
- Hot Glue Gun ⚠
- Paintbrush
- Ruler
- Black Button

DIRECTIONS:

1. Crumple some newspaper into four balls that are 1", 1½", 2", and 3" sizes. Wrap them in foil and roll them on the table to smooth any irregularities.

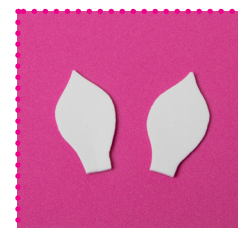

2. Wrap the 1" and 2" balls together and mold into a pear-shaped head. Repeat with the 1½" and 3" balls to make the body.

3. Using the awl, pierce a few guide holes on the head and body for the horns, legs, neck and tail. From the floral wire make four legs, two horns, a neck and a tail and glue them in place.

4. Tear the newspaper into small pieces. Glue the pieces over the entire body. Let it dry.

5. Cut out two ears from white foam. Puncture holes for the ears. Pinch the bottom of the ears and insert them. Glue well.

6. Paint the goat with white paint. Paint on "clothes" in your favorite color. Paint the hooves black.

7. Make a ruffled skirt and collar from foam.

8. Glue the skirt and collar to the body. Add a piece of ric rac over the seams. Wrap a piece of foam around each of the goat's knees.

9. Glue on googly eyes and a button for the nose. Use black marker to draw the mouth, eyelashes and eyebrows. Decorate the head with a flower if you like.

10. Gleeful goat is ready! You can make different clothes for the goat using your imagination. They will be great to entertain your friends!
