

These fuzzy creatures are fun, but fragile, and remind us of John 10:11 - Jesus cares for His sheep.

YOU WILL NEED:

- White or Tan Eggs
- Construction Paper (black, white, tan)
- Safety Pin
- Cotton Balls
- Pipe Cleaners
- Googly Eyes
- Black Yarn
- Black Marker
- Scissors
- School Glue
- Hot Glue Gun

DIRECTIONS:

1. With the pin, carefully poke a small hole at the bottom and side of the egg then pour out the insides.

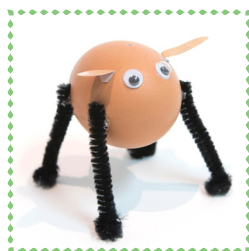

4. Glue cotton balls or twisted yarn around the egg, leaving only the face.

2. Cut 4 pieces of pipe cleaner 2 inches long. Hot glue 4 of them onto the egg and bend the ends for the feet.

5. Draw a nose and a mouth.

3. Cut out 2 ears, and glue the ears and eyes on the end of the egg without the hole.

6. The sheep are ready to explore the meadow.
