

Dolphins can help people and people can help dolphins.
Matthew 5:42 tells us we should help each other.

YOU WILL NEED:

- 2 Plastic Bottle Caps
- White Poster Board
- Hot Glue Gun
- Knife
- Paintbrush
- Paint
- Shoe Box
- CD Disk
- Paper
- Pencil
- Scissors
- Ruler
- 1 Crayon
- String

DIRECTIONS:

1. Turn the box upside-down. Cut a hole 6" x 1".

2. Paint the box.

3. On a 5" x 5" piece of poster board, draw two dolphins.

4. Paint dolphins, cut out, and glue onto the CD.

5. Place crayon on one corner of the paper and roll up, making a 1/2" tube. Trim the tube so it is 5 1/2" long.

6. Slide the CD onto the tube. Attach one end of the string to the tube, then wrap the string around it.

7. Attach the bottle caps to each end of the tube, then glue the caps to the box. Allow to dry.

8. Pull the string and the dolphins will jump and dive one after the other.
