

Frogs sit on the bank of the pond, resting in God's sunshine. As children of God, we can bank on His goodness as stated in Psalm 103:2-5.
 God's promises make me LEAP for joy!

YOU WILL NEED:

- Green Felt
- Red Felt
- Ruler
- Black Marker
- Scissors
- Utility Knife ⚠
- 2 Green Plastic Bottles
- 2 Green Plastic Lids
- 2 Large Googly Eyes
- Hot Glue Gun ⚠

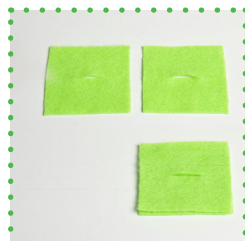

DIRECTIONS:

1. Cut around one green bottle 2" from the bottom to make a cup for the head, and the other bottle 2½" from the bottom to make the body.

2. From the green plastic, cut 6 toes (2x1½"), 2 plastic strips (5x1½"), 2 smaller plastic strips (2½"x½"), and 2 hands with 4 fingers (1x1").

3. Cut out 4 squares of green felt, 4x4". Cut a coin slot in the middle of each. Glue 2 squares together, lining up the slots. Repeat for the other 2 squares.

4. Glue the felt squares over the top of the bottle cups that you cut out. Let dry. Trim off excess felt.

5. Cut out the tongue from red felt (3x1") and glue it to the body inside the mouth.

6. Glue the eyes to the bottle caps and hot-glue them together side by side. Glue them to the top of the head.

7. Glue 3 toes together in a fan shape. Glue both ends of one long green strip to the side of the body at the bottom. Glue the feet on. Repeat for the other side.

8. Glue the short strips to the front of the body at the top. Attach the hands.

9. Glue a small strip of green felt at the back of the body to join the head to the body.

10. The frog is ready! Now you can save up coins for church or to help a friend.
