SCRIPTURE
John 21:1-13

SUPPLIES:

- One bowl
- School glue (clear or white)
- Liquid starch
- Spoon for mixing
- Blue food coloring
- Eye dropper
- Small toy fish beads
- Container to store the slime
- Small cups
- Water

DIRECTIONS:

1. In your bowl, pour one ounce of school glue.
2. Add in one ounce of water and mix well with the spoon.
3. Using an eye dropper, add several drops of blue food coloring
4. Mix well with your spoon.
5. Add in one ounce of liquid starch, pouring slowly, stirring as you pour. Note: you may not need the full one ounce of starch.
6. Once it begins to hold together, pick it up with your hands and knead the slime. If the slime is sticky, you'll need to add a little more liquid starch. (If you add too much, the slime will get hard. You may need to use more liquid starch if using clear school glue.)
7. Add the fish beads to the slime and knead them in. Enjoy playing with your sea slime!

When you look at the fish in your slime, remember the story about how Jesus told the disciples to cast their net on the right side of the boat, and they would catch fish. And they did! Then, they shared the fish with Jesus and He gave them bread and fish for breakfast.
