

# “TAKE ME HOME” CLOUD

Program KCCC230016  
“Marching to Zion”

To watch this episode go to [3ABNKids.tv](http://3ABNKids.tv)

## SCRIPTURE Revelation 14

### DIRECTIONS:

1. Carefully cut up the side of the attached flap on the sandwich baggie, making it match up with the loose flap. Lay the baggie out flat.
2. Take your fiberfill and divide it into two. Gently pull and fluff each half without taking it apart.
3. Lightly spray the top side of the baggie. Apply one-half of your fiberfill and spread it out to cover the sticky side of your baggie. Make sure the whole side is covered and the fiberfill is pushed down to stick.
4. Repeat step three on the other side of your baggie. You can spread and stretch your fiberfill to close up any gaps.
5. Cut out your picture of Jesus. Make sure your baggie is positioned so the opening is up. Hot glue Jesus' picture in the middle of the cloud.
6. Cut out the angels' pictures, and hot glue them on either side of Jesus.
7. Open up the bag, turn on your tealight, and place it inside.
8. Gather the top of the baggie and secure it with one end of your twist tie. Make a hook with the other end of the twist tie.
9. Take your string or fishing line and make a loop knot at the end. Secure it to your twist-tie hook (you may have to twist it together if the twist-tie hook doesn't hold under the weight of your cloud).
10. Hang your cloud up!

### SUPPLIES:

- One foldable sandwich baggie
- Fiberfill (two large handfuls)
- Spray adhesive 
- Hot glue gun 
- Hot glue sticks
- Printouts of Jesus and the angels
- Scissors
- String or fishing line
- Twist tie
- LED battery-operated tea light

**As you look at the cloud floating in the air, remember, at the end of time, we will be marching to Heaven where we will meet Jesus. What a sight that will be!**

Adult assistance is suggested.
